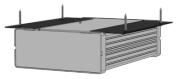
MBS1xx

Setup box installation accessories

Product information:

The MBS1xx is a series of installation accessories for use in combination with the AUDAC S-Box™ products range. This range includes a variation of small electronic products such as amplifiers, transformer boxes, converters, and many more.

In combination with the MBS1xx series, extended assembly possibilities are offered to allow them to be fixed underneath tables or desks, assembled above drop ceilings or mounted to 19” equipment racks. The mechanic construction for each of these products is identical, allowing a combined installation for various products.



Variants:

- MBS101T - Mounts one unit to a flat surface
- MBS101R - Mounts one unit into a 19” equipment rack (1 HE)
- MBS102R - Mounts two units into a 19” equipment rack (1 HE)
- MBS103R - Mounts three units into a 19” equipment rack (1 HE)
- MBS104R - Mounts four units into a 19” equipment rack (1 HE)

We reserve the right to change specifications without notice, this is part of our policy to continually improve our products.
